

TJ CinLight 2017

The light but rich character of our CinLight is a direct result of both age and altitude. This is a wine for all moods and all foods.

Our Cinsault vineyards were planted over 30 years ago at an altitude of 1400m, nestled between three mountains and facing Mt. Hermon.

Grown at high altitude in sloping, clay-limestone soil, our handpicked Cinsault grapes vinified without compromise then aged in stainless steel tanks.
